

Cancellation / Rescheduling/ DNA Policy

Affidea is committed to providing all of our patients with exceptional care. The time allocated to you for diagnostic services is reserved especially for you and is based upon your specific clinical requirements. Depending on the type of imaging required we may require additional medical staff to be present to assist in the imaging process. When a patient cancels without giving enough notice, they prevent another patient from being seen. Our patients fall into 3 main cohorts - patients with private health insurance, patients who are paying for their scan themselves (cash payers) and patients who may have been referred under the HSE GP Direct Access Scheme.

1. CASH PAYERS

Booking an appointment

Affidea require all patients to provide credit/ debit card details for their Diagnostic Imaging appointment at the time of booking. **Cash payers will have the full payment taken at the time of booking.**

Cancellation or request for reschedule

We appreciate that people often have to change their plans including medical appointments with short notice. With this in mind, Affidea will provide a full refund for any individual bookings which are cancelled **more than 24 hours** in advance of your appointment. **Less than 24 hours** notice - the full charge will be levied and no refunds will be given. Patients can reschedule their appointment by also giving 24 hours notice. To cancel or reschedule appointment it must be done by email. Unfortunately, we cannot accept cancellations or rescheduling requests over the phone.

If your appointment is on a Monday, the cut-off time to notify Affidea is **3:00p.m. on Friday** to avoid any charges and avail of your full refund.

To notify us of a cancellation or a request for reschedule please email:

cancellations@affidea.com

If you are requesting a reschedule one of our agents will contact you to facilitate a new appointment.

Failure to show for your appointment:

If a patient does not attend for their appointment at the allocated time the full cost of the scan will be charged. No refund will be made. Any new booking or rescheduled booking will be considered a new appointment and will be charged for in full.

Affidea reserves the right to modify or cancel any session if unforeseen circumstances arise. If we are required to cancel your appointment we shall inform you as soon as possible and aim to reschedule your appointment as soon as is reasonably possible. If you do not attend your assigned appointment without cancelling with 24 hours' notice, you will be required to return to your GP for a new referral, and this will extend the length of time you may be waiting for your scan. There are exceptions to this based on clinical need which will be established with your referrer.
